Tabernaemontana divaricata Double Flowering Cape Jasmine

Fast growing tropical shrub bearing nearly year round flowers. This variety produces clusters of double, white, waxy, tubular flowers with uniquely twisted corolla 3 inches wide. Night fragrant with carnation-like scent. Young plants bloom early on.

- ◆ **Large size is useful as screen or hedge. Single adults are often pruned into small trees**
- ◆ **Somewhat tolerant of drought & poor soils**
- ◆ **Evergreen**
- ◆ **Takes sun to partial shade**
- ◆ **Requires light watering**
- ◆ **Grows fast, 8'-15' tall; 6' wide**
